Explore the Amazing Natural Wonders of Arkansas' Original and Most Popular State Park

Petit Jean State Park

Petit Jean State Park is an Arkansas classic, a natural and historic treasure that has welcomed travelers for decades. The natural beauty and ancient geology of Petit Jean Mountain inspired the creation of Arkansas's first state park and, with it, the Arkansas state park system. The park mirrors the mountain's rugged beauty with its rustic-style, native log and stone facilities constructed by the Civilian Conservation Corps (CCC) beginning in 1933. The CCC built trails, roads, bridges, cabins, and the focal point of the park, historic Mather Lodge, a 24-room lodge overlooking Cedar Creek Canyon with a restaurant, meeting rooms, and gift shop.
